2020 WORLD CAR AWARDS

DOUBLE WIN FOR KIA MOTOR CORPORATION

KIA TELLURIDE – 2020 WORLD CAR OF THE YEAR WINNER

And

KIA SOUL EV – 2020 WORLD URBAN CAR

TORONTO, Canada – Wednesday, April 8, 2020 – For Immediate Release

The World Car Awards and our 86 jurors from around the world recognize the widespread impact of the Covid-19 pandemic and extend our condolences to all those affected. In deference to that impact, we are respectfully limiting the reveal of the 2020 World Car Awards winners to announcement via digital media.

The Road to the 2020 World Car Awards concluded today with the declaration of a double win for Kia Motor Corporation. The **KIA TELLURIDE** is the 2020 World Car of the Year and the **KIA SOUL EV** is the 2020 World Urban Car.

“Everyone at Kia is truly honored to receive not just one, but two awards from the World Car Awards judging panel,” said Thomas Schemera, Executive Vice President and Head of Product Division at Kia Motors Corporation. “This is one of the hardest-fought competitions in the global automotive industry, proving that the Telluride and Soul EV are both truly outstanding vehicles. These accolades are testament to the talents and efforts of a worldwide team, who all strive to create desirable, high-quality and practical cars that drivers love.”

The **KIA TELLURIDE** was chosen from an initial World Car of the Year entry list of 29 vehicles from all over the world while the **KIA SOUL EV** was chosen from an initial entry list of eight World Urban Car contenders. Both vehicles were **Top Three in the World** finalists in their respective categories as announced on March 3rd.

Vehicles were selected and voted on by an international jury panel comprising 86 prominent automotive journalists from 24 countries around the world. Each juror was appointed by the World Car Steering Committee on the basis of his or her expertise, experience, credibility, and influence. The international accounting firm KPMG tabulated the jurors’ ballots.

There were several stops along the road for the 2020 program, including one in Los Angeles in November for our sixth annual **L.A. Test Drives** event hosted by ZF.

Then, the **World Car Finals** were launched live in New Delhi, India from the Delhi auto show on February 5th

when the Top 10 and Top Five finalists in five World Car Awards categories were announced.

The World Car Finals continued with the announcement of the **Top Three in the World** finalists on March 3, 2020.

The Road to the World Car Awards ends today with the announcement of the 2020 winners.

2020 marks the 15th year of the World Car Awards partnership with the **New York International Auto Show**. The show has been rescheduled until August 28 to September 6, 2020. The media preview days will take place on August 26th and 27th (credentials required). The World Car Awards will launch its 2021 program at this time instead of in Paris. The launch will include a preliminary list of eligible vehicles for the 2021 season.

The **Global Trends Report**, produced annually by Cision Insights and our partner Autoneum, is scheduled to be released later this year in lieu of the usual presentation during the media breakfast at the New York International Auto Show. The report is the culmination of research and insights across the past six months. Autoneum CEO, Matthias Holzammer said, "Delighting car makers all around the world with our products is what we are constantly striving for. It is thus a great sign of recognition that the majority of the top three award finalists are counting on our expertise and innovativeness in acoustic and thermal management. Once again, the World Car Awards prove that the road towards success leads through Autoneum!"

The World Car Awards program would not be possible without the support of our official partners: **Autoneum, Brembo, Cision Insights, KPMG, Newspress, the New York International Auto Show** and **ZF**. Thank you.

ABOUT

World Car Awards

Now in their 16th year, the annual World Car Awards are the number one awards program in the world for the seventh (7th) consecutive year based on Prime Research's 2019 media report.

The awards were inaugurated in 2003, and officially launched in January 2004, to reflect the reality of the global marketplace, as well as to recognize, reward and inspire excellence, leadership and innovation in a rapidly changing automotive industry.

The awards are intended to complement, not compete, with existing national and regional Car of the Year programs.

The World Car Awards are administered by a not-for-profit association, under the guidance of an executive committee, a steering
