2021 WORLD CAR AWARDS

AND NOW THERE IS ONE.....

HONDA e – 2021 WORLD URBAN CAR

TORONTO, Canada – Tuesday, April 20, 2021 – For Immediate Release

The World Car Awards recognizes the widespread impact of the COVID-19 pandemic and extends our support and recognition of the industry for rising to the many challenges it has faced. For our part, we have limited the reveal of the 2021 World Car Awards winners to an announcement via digital media, on World Car TV (YouTube- [YouTube.com/worldcartv](https://www.youtube.com/worldcartv)).

The Road to the 2021 World Car Awards journey concluded today with the declaration of the **HONDA e** as the **2021 World Urban Car** as voted by our 93 distinguished international journalists from 28 countries that make up the World Car Awards jury panel. The votes were tabulated by KPMG.

Koji Watanabe, Operating Executive & Chief Officer of Brand and Communications Operations said, “We are very proud to receive this prestigious award from the World Car Awards organisation. We have strived to create new value through products like Honda e, and it is rewarding to see those efforts recognised. We aim to be a company which society wants to exist, and awards like this only strengthen our commitment to provide joy to our customers for years to come.”

The **HONDA e** was chosen from an initial entry list of seven cars from all over the world then a short list three finalists as announced on March 30th. The 2021 *Top Three in the World* finalists are the Honda e, the Honda Jazz/Fit and the Toyota Yaris.

Vehicles eligible for World Urban Car award must be produced in volumes of at least 5,000 units/year and must be “on-sale” in at least two major markets, on at least two separate continents, between May 1, 2020 and May 1, 2021. In addition, vehicles must be a maximum of 4.20 meters in overall length and be approved for operation on public roads.

For a complete list of previous winners in all categories, please visit our web site: worldcarawards.com.

Part of the World Car Awards program is a look into the future. The **Global Trends Report** is produced bi-annually and co-presented by **Cision Insights** and **BREMBO** –the world leader and acknowledged innovator of brake technology for automotive vehicles. Each report focuses on the emerging and future trends that are transforming the industry right now. The most recent report can be found on World Car TV later this month: [YouTube.com/worldcartv](https://www.youtube.com/worldcartv)

“We are proud to be a partner to the prestigious World Car Awards for the third consecutive year. Our new company vision, “Turning Energy into Inspiration” perfectly matches the values of the international jurors and association. Inspiration, leadership and innovation is in all of our DNA,” states Daniele Schillaci, CEO of Brembo.

The 2022 awards season and the 18th edition of the *Road to the World Car Awards* journey will officially begin at the **New York International Auto Show** on August 19, 2021 in the newly renovated Jacob Javits Center in New York City. A new highlight of the 2022 awards program will be the debut of the **World Electric Vehicle of the Year** award. This new award is intended to recognize, support and celebrate the global transition to electrically-powered vehicles that is now underway and the efforts of automakers around the world in developing these climate-conscious vehicles.

“There has never been a better time to highlight and celebrate the world's best electric vehicles. We are thrilled to once again be part of this year’s World Car Awards and are excited about adding this new award to the program. With the importance of EVs and growing consumer interest, the need for trusted sources for consumers to turn to is paramount, and like the New York Auto Show, the industry’s top journalists that make up the World Car Awards are a trusted resource for buyers as they research their next new vehicle.” said Auto Show president, Mark Schienberg. 2021 marks the 16th year of the World Car Awards’ partnership with the New York International Auto Show.

The Road to the World Car Awards is an annual journey that follows more than 90 of our international jurors as they test-drive, and vote on, the eligible vehicles for the awards’ season. The jurors’ road-test journey is captured virtually on **World Car TV**: [YouTube.com/worldcartv](https://www.youtube.com/worldcartv) The jurors provide viewers with reviews and commentary on the awards’ eligible vehicles in five categories: World Car of the Year, World Luxury Car, World Performance Car, World Urban Car and World Car Design of the Year.

The Road to the World Car Awards journey and the awards program would not be possible without the support of our official partners : the **New York International Auto Show**, **ZF**, **Cision Insights**, **Brembo**, **KPMG** and **Newspress** – our official media partner. Thank you to our partners.

ABOUT

World Car Awards

The World Car Awards and its 90+ global jurors are missioned with recognizing and rewarding automotive excellence on a global scale. We test drive and evaluate all new or fully redesigned vehicles that are for sale on more than one continent from May to May each year, voting to determine the World Car Design, World Luxury Car, World Performance Car, World Urban Car and World Car of the Year.

Now in their 17th year, the annual World Car Awards are the number one awards program in the world for the eighth (8th) consecutive year based on Cision Insight's 2020 media report.

The awards were inaugurated in 2003, and officially launched in January 2004, to reflect the reality of the global marketplace, as well as to recognize, reward and inspire excellence, leadership and innovation in a rapidly changing automotive industry.

The awards are intended to complement, not compete, with existing national and regional Car of the Year programs.

New York International Auto Show

Owned and operated by the Greater New York Automobile Dealers Association, the New York Auto Show is an awesome combination of new ideas, technological innovation, exceptional concept cars and nearly 1,000 of the latest new cars and trucks. Over one million visitors are expected to visit the show this year to see what is truly possible from the automotive industry.
